

THE GLEICHEN CALL

VOLUME XXVIII NO. 5

GLEICHEN, ALBERTA, WEDNESDAY APRIL 18, 1934

SUBSCRIPTION \$2.00 PER YEAR

AN ENJOYABLE EVENING SPENT HOCKEY BANQUET

The banquet and dance given in honor of the Gleichen Gunners was the best and most successful of all that have been staged in years gone by. Just before the banquet began the Gleichen Symphony Orchestra played several selections and also again during the program after supper. The banquet was a little late in getting underway but about seven o'clock the crowd was invited to be seated at the long tables and practically every one of the 185 seats were taken. The tables were laid out in the shape of the letter E, the centre table being occupied by the Gunners and their ladies and members of the Strathmore team who had been invited to attend.

Major Yates acted as toastmaster in a very acceptable manner. Congratulated the team on its success and proposed the toast to the club, which was replied to by Mr. Jas. Black the president.

Mr. Black thanked the mayor for the remarks and also the people of Gleichen and district for the support accorded the club during the past year. While the success of the club was largely due to the efforts of the players, Mr. Black pointed out that the extraordinary efforts put forth by Mr. McConnell as business manager and Mr. Sutermeister, as secretary, added to the wonderful financial success of the club. He also pleaded for some consideration from the ratepayers of the proposition of a roof for the rink.

Mrs. R. W. Brown replied to the toast of the ladies which was proposed by Mr. McCallum.

Major Shrimpton of Strathmore congratulated the Gunners on their success the past year and made particular reference to the fine support the team received from the fans of Gleichen and the neighborhood. Commended favorably on the good feeling which now existed between the two towns and went on to say that there was no reason why this feeling should not continue and still have been rivalry as true sportsmen. Extended the good wishes of the town of Strathmore to the people of Gleichen and hoped that the Gunners would again be highly represented in the provincial hockey in 1934-35.

A. V. McPharland, Strathmore spoke briefly and thanked the people of Gleichen for the invitation extended to the hockey club to attend the banquet. He also extended his congratulations to the hockey boys and wished them success another year.

Joe Guttman, president of the Athletic Club gave a short history of the activities of the athletic club and pointed out that they now had an investment of \$9,000 which was all paid for except a very few dollars. Pointed out the revenue that had been lost to the hockey club as well as to the athletic club this year as the result of having no roof. He dealt shortly with the proposition of putting a roof on which would cost somewhere about \$5,000 and asked for the earnest support of the ratepayers in any attempt which might be made to get the money to put on the roof this year. A long term debate issue suitably backed was the means he suggested for raising the money.

W. P. Pinau in concise and well delivered remarks also pointed out the necessity of a roof and went on to say that the younger people of the town would receive considerable benefit from better skating facilities stressing the fact that in considering the new roof that more benefits would accrue to the younger generation.

Mr. Sutermeister, secretary of the hockey club, stated that he had thoroughly enjoyed his duties as secretary and also mentioned the benefits which would accrue by placing a roof on the rink. He also gave out the suggestion of forming a league next year between Strathmore, Canmore, Banff and Gleichen.

BASEBALL PLAYERS ORGANIZE FOR THE SEASON

The local baseball players held a meeting one evening last week to organize for the coming season. Jas. Black was elected president; Robt. Haskayne vice-president; Bert James, Jr., secretary. The above in conjunction with Jack McArthur and Bob Brown will act as executive of the club and in due time will appoint a manager for the team.

It is hoped to form two ball teams in Gleichen and form a league with Cluny and Meadowbrook. Meadowbrook is prepared to enter a league but it is not definitely known if Cluny will do so. If a league is formed with these nearby places the expense of going the short distance to play ball will be cut to a minimum. Namaka was asked to join but they refused, stating that they wished to play softball.

The ball boys also decided to improve the ball park as much as they can. It is planned to install a wire fence around the home plate from first base to third base. Another idea is to move the grandstand from the old stamperede stand over to the diamond. If this is done it is thought that the better accommodation provided would attract more people to the games. Some of the boys think it will be possible, with plenty of help on hand, to lift the whole stand up as it is an move it to the new site which would be prepared to receive it in advance. The players appeal to all who have a little spare time to join them some evening at the park and help fix up the ball yard.

DASHES FROM CRAIGANTLER AND DISTRICT

LEGION BANQUET AT QUEENSTOWN HUGE SUCCESS

(By Special Correspondent)

Comrades of trench and training ground celebrated the anniversary of Vimy with song and story and much feasting when the Queenstown members of the Gleichen Branch, Canadian Legion, B. E. S. L., entertained their friends at Queenstown on Wednesday evening at their annual banquet, and the monster dance which followed about 125 sat down to the truly royal spread provided by the ladies of Queenstown, and we do not fear that some of the guests succumbed to overpowering temptation to dine not wisely, but too well.

What memories of bully beef and biscuit stirred in the minds of the guests we cannot tell, but if memories they had, they were overshadowed by the feast at hand, and happiness and fellowship were most apparent on this happy occasion. Returned men with their wives, families and friends were present from many surrounding points. Comrades Alex Walker and Ralph Henderson were on hand from Calgary, and the surrounding towns of Vulcan, Gleichen, Arrowood, Cluny, Shoultice and Milo were represented.

Mr. Wm. Osler, Queenstown, president of the Gleichen Branch, was master of ceremonies, and introduced the speakers with many witty remarks. He paid tribute to Lieut. Col. A. G. B. Lewis, past president of the Gleichen Branch. Mr. Osler's backhanded compliment to Col. Lewis is worth recounting. As he told it he had on one occasion in his employ in the harvest fields an Irishman, and an Englishman. The Englishman, said Mr. Osler, were always raising England to the detriment of Canada, while the Irishman, contrary as Irishmen always are, was standing up for Canada. One day one of the Englishmen remarked that Canada could be alright, don't you know, if they just had a good brainy Englishman to run it. The Irishman was not slow to take up this challenge with the quick wit of his race. "That's all right," he said, "but where in h— would you find a good brainy Englishman?" Mr. Osler indicated there was not a complete derth of brainy Englishmen, by stating that Col. Lewis was just that.

Lieut. Col. Lewis was called upon to propose the toast to the Dominion Command. He paid tribute to Alex Ross, Dominion president, and spoke feelingly of the loss to the Legion and Canada in the death of Sir Arthur Currie, commander of the C. E. F. A minute of silence was observed in memory of General Currie.

In replying to the toast to the Dominion Command, Comrade Alex Walker Provincial representative Dominion Command, after complimenting the ladies on the splendid banquet, described the Dominion convention held recently in Ottawa. He stated the Legion demands nothing more than fair play for returned men. He felt that returned men on relief should be wards of the Federal Government, not subject to the whims and varying rates of local authorities, but that they should draw standard relief rates all over the country. He cited the great difference which exists in relief rates as between the City of Calgary and the adjacent surrounding municipalities. He referred to the desire of the Legion for peace, to the fact that the war was to be a war to end war, and he felt that if he could not see a land where all could live in peace and reasonable comfort, that the sacrifice of 10,000,000 lives had been in vain. Comrade Walker presented Col. Lewis with a key to his B. E. S. L. badge, as past president of the Gleichen branch. Col. Lewis expressed his thanks, and the company sang, "He's a Jolly Good Fellow" and gave Col. Lewis three cheers and a tiger.

The toast to the Provincial Command was proposed by Comrade Jas. Greer, vice-president of the Gleichen branch, who stated that Gleichen had been given the distinctive number 13, as it was a distinctive branch. In reply to Comrade Ralph Henderson brought fraternal greetings from Calgary Branch No. 1, and the Provincial Command. While agreeing that the Pension Act was splendid legislation, he pointed out several particulars which he felt required atten-

tion. In referring to Col. George Drew's resolution on World Peace at the recent Dominion convention, he stated that the convention got to its feet as one man and cheered when the resolution was put. He felt that the returned men of all nations could draft plans for world peace that would ensure an end to war.

The toast "To the Ladies" was proposed by Honorary President L. Michael, of Gleichen, and was replied to in a few well chosen words by Mrs. Wm. Osler, Queenstown.

Mr. Sieve Williams, Queenstown, in proposing the toast to the visitors, extended to all the guests the welcome of the community, and stated that he felt the district had been honored by the Gleichen branch in the choosing of their president from the Queenstown district. He felt that Mr. Osler would prove well worthy of their confidence. In reply, Mr. James Black, Gleichen, stated he believed the Legion should make every effort to make their problems better known to the citizens not in their organization.

All the speakers urged on the returned men the importance of supporting and joining their organization, and strengthening their influence on legislation, as well as serving the purpose of promoting good will and good fellowship among themselves. Several speakers mentioned that the constitution of the Legion is based on the Golden Rule.

Midway in the speeches, Comrade Henderson led everyone in a good old fashioned sing-song: "Tipperary," "Madoiselle From Armentieres," and "Pack up Your Troubles." At the insistence of the guests, Mr. Henderson sang for the company, choosing a song sung by the Calgary delegates to the Dominion convention, "We're From Calgary."

Several veterans of former wars were present and were introduced to the assembly. Comrade E. J. Cann of Queenstown, is a veteran of the Second Riel Rebellion. Comrade John King-Smith and Comrade A. V. Symes both of Queenstown, are veterans of South African War. Comrade Symes also served in the Great War.

In closing the speaking Comrade Osler expressed the thanks of the Queenstown members to all who had contributed to the splendid success of the banquet.

The kitchen arrangements were in charge of Mrs. H. Jorgenson, Mrs. F. Schultz and Mrs. Wm. Blowers, and coffee, tea and ice cream were served by Miss V. McLaughlin, Miss Hazel Miller, Miss Dorothy Mallett, Miss Marie O'Leary and Miss Eleanor O'Leary, all of whom were dressed in dainty uniforms with head-dress of red, white and blue. The banquet hall itself was tastefully decorated.

The guests were as follows: From Calgary: Alex Walker, E. Henderson, E. Jeffers, St. Hopkins, J. Sinclair, Laurence Eidland, Roy Watts, Stewart Young, E. Randle, A. F. Trenchard, C. W. Baker.

A monster dance in the Community Hall followed the banquet. The music was supplied by St. Hopkins Radio Orchestra, and delighted everyone. Many old time dances were featured, including the Highland Schottische and a Foursome Reel. Jas. Smith and Dave Brown danced the sword dance to the pleasure of all. In the grand march the ladies drew numbers to decide who should be Madoiselle from Armentieres. Miss Gertrude Webber of Calgary, was the lucky lady, and she and her partner, Mr. Olaf Ueland, Majorville, received prizes. Prizes were also awarded in a spot waltz. There was some difficulty in getting around, but everyone was happy. The hall was beautifully decorated in red, white and blue the work of Norman White of Queenstown.

Britain has always been considered a great shipbuilding country, but once upon a time, one-third of the vessels serving in the British navy were built in America. This was in the time of "the wooden walls," when ships were made of wood, and America had large forests of tall trees.

Window sill refrigeration....as impractical as window sill cooking.

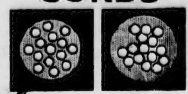

- Cooking with the sunshine on the window sill... of course you'll agree it is quite ridiculous.
- It is equally as ridiculous for anyone to expect efficient, safe refrigeration from a box suspended outside a window with foods facing the elements, freezing and thawing, as temperatures rise and fall rapidly.
- With an **ELECTRIC REFRIGERATOR** you can be positive of food safety over a period of several days, enabling you to buy in quantity when special prices prevail without fear of spoilage and possible danger to health.
- Such economical purchasing and the low operating cost will soon return the actual outlay for an **ELECTRIC REFRIGERATOR**.

Only Firestone has SAFE-T-LOCKED CORDS

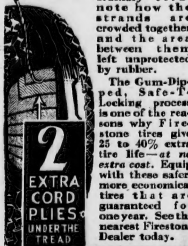

Compare The Difference

Look at these two highly magnified cords. The small circles represent strands and the shaded area rubber.

Note in a Safe-T-Locked cord every strand is completely surrounded and locked in place by rubber. In the ordinary cord, note how the strands are crowded together and the area between them left unprotected by rubber.

The Gum-Dipped, Safe-T-Locking process is one of the reasons why Firestone tires give 25 to 40% extra life—of no extra cost. Equip with these safer, more economical tires that are guaranteed for one year. See the nearest Firestone Dealer today.

SCOUT NEWS

(By a Scout)

Twenty-two boys were at the Scout meeting held on April 13th, when most of the meeting was held outdoors. A camp fire was made which was officially opened by Mr. Hunter. Then songs were sung. The game "Flag-raiding" was played. On Saturday a hike will be taken. This week there were so many different decorations that Mr. Hunter could not look them over and give points to the standing is unchanged. Sidney Guttman gave a short talk on the first day of the Patrol-Leader's convention held in Calgary last week. Other boys to go to Calgary were Frank Michael, Eugene Lester and Bill Schmidt. This convention was presided over by Mr. Backman, provincial commissioner for the Boy Scouts. Lectures were given by the different Calgary Scout Masters. The boys have come back with new knowledge on how to lead their patrols. The boys also got ideas on how to decorate patrol corners. Each patrol leader must write a test and if he passes he becomes a member of the blue and gold patrol of Alberta of which Mr. Backman is patrol leader.

A FORMER TEACHER WRITES INTERESTING NOTE

The following was handed us by a former teacher which gives excellent food for thought: Sometime ago I was asked for an idea concerning the mental preparation of the child for school. I carried on a little research on this subject in my own mind and I discussed the problem with other parents. All recognize the seriousness of the problem, and many are finding ways to solve it. As a teacher I have received children in my classroom who came to do the best that was in them because intelligent and loving parents helped them to start the day right, and I have received children who could not work because things had happened at home just before they started for school. I have had things happen in my own home before we started to school in the morning that upset me and made it impossible for me to do my best work, and if I an adult, felt these things more keenly how much more harm they must have done to my children.

Of a few things I am certain. The most important thing is for parents to keep a firm hold on their own emotions. Getting angry about what a child fails to do does not always make him do it. Reminding a child of all the things he has to do will not get him up in the morning. Telling him he will have to hurry, does not result in haste. The breakfast table is no place to discuss poor work of failing grades. Threats never make a boy or girl succeed.

It is easy to say: "If you don't get up you will be late to school." "If you will get up now I believe you will be sick." "If you don't study you will fail." It requires more thought, but it is more tactful to say: "If you will get up now I believe you
